

The reconciliation you need. The student service you demand. Meet your new Payment Plan.

ECSI'S EASYPATH PAYMENT PLAN

In today's uncertain economy, many of your students and families need a convenient, low-cost alternative to writing "one big check" for tuition and fees each year.

ECSI's EasyPath™ Payment Plan lets you offer families greater financial flexibility, allowing you to enroll and retain more high-quality students without sacrificing tuition dollars.

"ECSI has been wonderful for us, but they have been even better for our students. I could not recommend them highly enough. Our school has saved a lot of budget dollars, and received much more in service since we made the switch to ECSI. We could not be happier."

*Donna Martel
Southern New Hampshire University*

Unlike other payment plans, EasyPath improves your cashflow management with weekly or daily cash transfers. EasyPath also offers complete and effortless reconciliation between the plan and your Student Information System. EasyPath's simple, intuitive management tools let you and your staff view program data anytime to get a clear, current view of any students' financial status. And your friendly, highly trained ECSI customer care representative is available anytime to answer questions or make adjustments to your payment plan.

The best part is students and families get an interest-free payment plan that can make college costs easier to manage. Managing an EasyPath account is simple, too, with an intuitive university-branded self-service website that allows students to enroll in EasyPath, calculate their payment plan budget, set up automatic payments and make budget adjustments, all online. One-on-one assistance is available, of course. Students can call, email or chat live with one of our friendly, efficient customer care representatives, cutting down on those time-consuming calls to your office.

With ECSI's EasyPath Payment Plan, you not only get improved cashflow, streamlined payment plan management, happy students and parents, but the assurance that every account will be paid in full.

EasyPath™ Payment plans made effortless.

EasyPath's flexibility and convenience gives you:

At-a-Glance Payment Plan Dashboard

Get up-to-the-minute data on new, terminated and delinquent plans, missed payments and budget adjustments every time you log in.

Complete SIS Integration

EasyPath data integrates seamlessly with your SIS, so you always have a current view of students' financial responsibility. Budgeting and reporting are simpler, too, because you can easily export EasyPath data for use in other programs.

Daily/Weekly Cash Transfers

Speed access to tuition dollars with weekly or even daily cash transfers – up to 3 weeks faster than many other payment plan providers.

Minimized Demands on Your Busy Staff

ECSI provides you with turnkey materials and tools to market the EasyPath program, simplify enrollment, keep students informed and provide the quality customer service you demand for your students and families.

Customized Website

You'll get fewer calls from families, because EasyPath also includes a customized, university-branded website where students and parents can easily calculate their payment plan budget, manage account details, make budget adjustments and set up automatic payments.

Superior Service to Students and Parents

Our highly trained, efficient and courteous customer care team is always available to answer questions from students and parents by email, toll-free phone call or online chat.

ECSI. SERVICE NEVER RESTS.

EasyPath from ECSI makes it easy for you to offer students a convenient path toward a quality education.

You can feel confident offering EasyPath, because over 1,300 colleges and universities across America currently choose ECSI for their Student Finance services.

ECSI connects with over 5.5 million customers each year through our customer care programs. These programs represent over 6 million accounts spinning on the ECSI platform, and \$700 million entrusted to ECSI with over 3 million payments processed annually.

Some offer EasyPath for the convenience, some do for the flexibility that ECSI products offer but most do for our unparalleled commitment to service.

EasyPath: The Right Choice for You and Your Students

EasyPath gives you:

- Complete Reconciliation between EasyPath and your SIS
- Increased student enrollment and retention
- Reduced demands on your staff
- Easier billing and cashflow management
- Customized plans tailored to your school's needs

EasyPath gives students and parents:

- Flexibility to make monthly payments instead of paying all at once
- User-friendly online account management
- Convenient electronic payment options
- No interest fees
- Highest quality customer service
